

OMAHA VIEW SCHOOL WILL NOT BE CLOSED

Owing to the fact that the board of education has gotten busy with the Omaha View school, and is building stairways to the outside entrance that had none; is fixing the ceiling in the boiler room; is extending the fire escapes to the ground, and is otherwise making good the safety of the building, it will not be closed. Building Inspector Withnell, who had given instructions that these changes must be made as the alternative of closing the building for school purposes yesterday, announces himself as satisfied with the progress being made toward fixing it up.
